PROFESSIONAL EXPERIENCE

12-06-20
(Quezaltenango)

BIOSEMILLAS SA,
Freelance developer
Completed tasks: I worked at Biosemillas SA as a freelance developer. I made a system with C# windows from and MySQL, this system controlled the product database and generated a proof of purchase pdf, this system helped this corporation every day and kept it throughout the operation, and I added new components of this system, I worked for this corporation for approximately 6 months.
